SUMMARY

Information Systems graduate from Universitas Tarumanagara (GPA 3.55) with 6 months of full-stack internship at Mandiri Inhealth, working with PHP CodeIgniter 4, REST APIs, and Docker. Built two systems for PT. Papande Jaya Teknik, an HRIS (PHP/MySQL) and their company website (Next.js/TypeScript). Looking for a Junior Full-Stack Developer role to keep building and shipping real products.

EDUCATION

Universitas Tarumanagara

Jun 2022 – Jan 2026

Bachelor of Information Systems · GPA: 3.55 / 4.00

Coursework: Software Engineering, Database Systems, Web Programming, Mobile Programming, Object-Oriented Programming

SKILLS

Languages: JavaScript, TypeScript, PHP, Dart, HTML, CSS, SQL

Frameworks: Next.js, CodeIgniter 4, Flutter, Tailwind CSS, Bootstrap

Database: MySQL

Tools: Git, GitHub, Docker, Postman, REST API, VS Code

Soft Skills: Leadership, Problem Solving, Team Collaboration, Adaptability

EXPERIENCE

Full-Stack Developer Intern, Mandiri Inhealth

Jan 2025 – Jun 2025

- Added auto-email notifications to the Whistleblowing System (WBS) that send reporters a confirmation once their report is received.
- Redesigned 5 pages on the corporate website: fixed layouts, added missing content sections, and made the pages more consistent with each other.
- Worked across frontend and backend using PHP CodeIgniter 4, set up Docker for local development, and used Git daily with the team: branching, pull requests, code review.

PROJECTS

HRIS (Employee Management System)

Aug 2025 – Dec 2025

Final Year Project, Built for PT. Papande Jaya Teknik · PHP, CodeIgniter 4, MySQL, Bootstrap

github.com/mikado1106/employee-management-system

- Solo-built an HRIS for PT. Papande Jaya Teknik (±40 employees) as my final year project. Gathered requirements directly from their HR head, then designed and developed the full system.
- Covers 6 modules: employee data, attendance, leave requests, permission requests, candidate recruitment, and admin dashboard.
- MySQL database with 9 tables. Two roles (Admin and Employee) with different access levels, using CodeIgniter 4 session auth.

Company Website, PT. Papande Jaya Teknik

2026

Client Project · Next.js 15, TypeScript, Tailwind CSS, Framer Motion

landing-page-pt-papande.vercel.app

- Built and deployed an 8-page company profile website for PT. Papande Jaya Teknik with WhatsApp integration, scroll animations (Framer Motion), and responsive layout for mobile and desktop.
- Pages include services, projects portfolio, team profiles, careers, and contact.

Salon Reservation App

2024

Team of 3, Mobile Programming Course · Flutter, Dart

github.com/mikado1106/salon-reservation-app

- Built a mobile UI prototype for booking salon appointments. Users can browse services, pick a time slot from a calendar, and add to cart.
- Designed the full screen flow: login, signup, profile, service catalog, and booking confirmation.

LEADERSHIP

- NHKBP Cililitan Youth Association, Leader**
- Jul 2024 – Present
- Lead a community of 40+ members. Organize weekly meetings and plan major events throughout the year.
 - Grew active participation by about 20% compared to the previous year through better event planning and outreach.
 - Coordinate with the church board on budget planning and resource allocation for community programs.

- Rover Scout Council, Leader**
- Jan 2021 – Jan 2022
- Directed strategic planning and operations for a team of 15, coordinating yearly programs across several sub-committees.
 - Organized outdoor training camps and community service events for 50+ participants.
 - Mentored junior scouts on leadership fundamentals and guided them through the advancement program.
